PROFESSIONAL SUMMARY

Community management and social media professional with 3+ years of experience building, growing and supporting online and campus communities, and a BSc in Computer Science from KNUST. As General Secretary of SACSU-KNUST (Oct 2022 - Aug 2024) I digitised the union's member operations, and I continue to build for them today as the developer behind SACSU's current automated onboarding and engagement platform (registration web app, n8n marketing automation, Google Sheets member CRM, personalised HTML email journeys and WhatsApp community funnels) that replaced manual paper-form processing. Experienced in social media page management, content calendars, caption writing, graphic design (Canva) and video editing (CapCut, DaVinci Resolve), and in using AI tools (ChatGPT, LLM agents) daily to create content and streamline repetitive tasks. Detail-oriented, proactive and fully remote-ready: comfortable working independently, managing messages, schedules and deadlines with consistent follow-through.
